VOYAGER Project Releases Digital Toolkit for Youth Climate Training

VOYAGER is the acronym of the EU co-funded project titled “**Promoting Voluntary Engagement of Young People for a Green Environment and in the Fight Against Climate Change.**” The project aims to encourage young people to build their knowledge and skills in the fields of environment and climate change through targeted training materials, enabling them to take voluntary action on environmental issues.

As part of its mission, VOYAGER is proud to launch the Digital Toolkit — a comprehensive and flexible educational resource designed to support young people, youth organizations, NGOs, and educators in promoting climate awareness and sustainable practices.

Downloadable at www.voyager.eu

Built on an innovative training methodology, the Toolkit is organized into three detailed modules that **provide practical knowledge, interactive activities, and effective strategies** designed to equip youth and their communities for real-world environmental impact.

Partnership

- Ecocene - France
- Pistes Solidaires - France
- ESICA - Austria
- Avrasya Yenilikçi Toplum Derneği - Türkiye
- Balkan Institute of Innovative Development - Bulgaria
- Institute of Entrepreneurship Development - Greece

VOYAGER

2022-2-FR02-KA220-YOU-000097283

A digital toolkit for green education !

The VOYAGER Toolkit, are centered around five key environmental themes of the project, **promoting creative, interdisciplinary and inclusive teaching methods within the framework of education for sustainable development.**

All modules are now available for download on the VOYAGER website: [www.https://voyager.eu/digital-toolkit/](https://voyager.eu/digital-toolkit/)

This digital toolkit is a user-friendly and comprehensive resource, easily adaptable to various topics and target audiences. To ensure broad accessibility and impact, all materials have been translated into five European languages of the project's partner countries.

YOUTH GROUPS, EDUCATORS, NGOS, AND OTHER STAKEHOLDERS AT EVERY LEVEL ARE ENCOURAGED TO MAKE USE OF THIS INNOVATIVE AND TRANSFERABLE TOOL TO ADVANCE THEIR CLIMATE AND ENVIRONMENTAL INITIATIVES.

Target Groups

- 15-30 year old youth
- Youth workers, trainers, leaders
- Environmental educators
- Youth & environmental organizations and their members
